

Orientation Days for New Degree Students of Faculty of Technology August 24-26, 2011

Wednesday, August 24

At 10-12, Origo

LUT Account Usernames & Passwords for New Students

At 10.00-10.45

Energy Technology

At 10.45-11.00

Chemical and Process Engineering

At 11.00-11.30

Mechanical Engineering

At 11.30-12.00

Technical Physics & Technomathematics

- Student tutors take their groups to Origo at the fixed time to collect usernames & passwords for the LUT account and the LUT network

At 12.00-14.30, Skinnarila hall

Orientation for International Students arranged by International Services Office

Thursday, August 25

At 9.00-10.00, Origo

LUT Account Usernames & Passwords for New Students

(for those students who did not collect usernames & passwords on Wednesday)

At 09.15-10.00, lecture room 1381

Welcome to Study at the Faculty of Technology

by Study Affairs Services of Faculty of Technology

At 10.15-11.45

Presentations of Master's Degree Programmes

Energy Technology

lecture room 4501 and 4502

Mechanical Engineering

lecture room 1217/Design and Manufacturing

lecture room 1303/Packaging Technology

Chemical and Process Engineering lecture room 1304

Technomathematics & Technical Physics

lecture room 4509 & 4510

At 12.00-14.00

Rector's Picnic for All New LUT Students

Study Related Practicalities

(Study Guides, Course Registrations, Teaching Schedules, Noppa, LUT e-mails etc.)

Group activities guided by International Student Advisor & Study Coordinator

→ Student tutors take their groups to 7337 and join the sessions to help their students

At 14.15-15.30, IT-class 7337

Mechanical Engineering

At 15.30-16.45, IT-class 7337

Chemical and Process Engineering

Friday, August 26

Study Related Practicalities

(Study Guides, Course Registrations, Teaching Schedules, Noppa, LUT e-mails etc.)

Group activities guided by International Student Advisor & Study Coordinator

→ Student tutors take their groups to 7337 and join the sessions to help their students

At 09.00-10.30, IT-class 7337

Technical Physics & Technomathematics

At 10.30-11.45, IT-class 7337

Energy Technology (majors in Bio-Energy Technology & Environmental Energy Technology)

At 11.45-13.00, IT-class 7337

Energy Technology (majors in Industrial Electronics & Electricity Distribution and Market)

Monday, August 29

Lectures start on Monday, August 29, according to the teaching schedules

www.lut.fi/en/lut/studies/tools/schedules/Pages

Library Tours

Library tours will be arranged starting from the week 36

www.lut.fi/en/library/

Introductory Lecture on Introduction to M.Sc. Studies

by Information Specialist Marja Talikka (Library)

*** a part of the course BK10A0300 Introduction to M.Sc. Studies**

Two alternative introductory lectures, choose one of them:

August 29 at 10.15-11-45, lecture room 1383

September 6 at 10.15-11-45, lecture room 4303+4305

ePSP Workshops During Weeks 37-41 (Cosini 7430)

*** a part of the course BK10A0300 Introduction to M.Sc. Studies**

The workshops are guided by International Study Coordinator & International Student Advisor

- Making of electronic personal study plans with WebOodi's ePSP tool
- How to take examinations at LUT: exam rules & practical tips

Sep 14 at 10-12	Pulp and Paper Technology, Process Metallurgy, Sustainable Process Engineering
Sep 16 at 12-14	Design and Manufacturing & Packaging Technology
Sep 21 at 10-12	Technical Physics
Sep 23 at 12-14	Technomathematics
Sep 28 at 10-12	Industrial Electronics, Electricity Distribution and Market
Sep 30 at 12-14	Bio-Energy Technology, Environmental Energy Technology
Oct 5 at 10-12	Students of any major
