

LUT SUMMER SCHOOL

16 July – 10 August 2018
Lappeenranta, Finland

LUT SUMMER SCHOOL 2018

The LUT Summer School offers you an ideal way to become acquainted with the wide range of academic opportunities at Lappeenranta University of Technology (LUT) and Saimaa University of Applied Sciences. With our extensive selection of courses, we aim to both challenge and inspire you.

At the LUT Summer School, you can study both Master's and Bachelor's level courses. Master's courses are produced by Lappeenranta University of Technology and Bachelor's courses by Saimaa University of Applied Sciences.

WHAT?

Exceptional opportunity to combine high-quality learning with an unforgettable summer experience in an international environment.

WHY?

Enrich your academic experience while forming lifelong friendships with students from all around the world.

HOW?

Simply by submitting the online application form. See the application schedule at lut.fi/summerschool.

Visit Russia

Visit St. Petersburg either while completing the course "Doing Business in Russia" to earn credits, or as a weekend trip. More information on the summer school web pages.

”

To sum it up, the LUT Summer School broadened my view of the daily world, challenged me at times both intellectually and socially, gave me more confidence, introduced me to amazing new people and made me even more determined to complete a Master's Programme in the future.

*Sanwar Tagra
BML Munjal University, India*

Even though Finland is close to Denmark both culturally and geographically, the LUT Summer School was a truly international experience offering me a new outlook on the world.

The LUT Summer School is highly recommendable!

*Herle Bagh Juul-Nyholm
Technical University of Denmark, Denmark*

The classes were challenging yet fun, the country was beautiful, the experiences were amazing, and the people I met... Well, that was my favorite part. LUT was an amazing opportunity that I wouldn't change.

*Sofia Reppucci
University Massachusetts Dartmouth, USA*
