

# Membranes as Enablers for Future Biorefineries (Mem-Fast) doctorate programme

## The CV Template

When using the template, please pay special attention to the headings (1–10). The sub-sections presented under the headings are included mainly for illustrative purposes.

### 1. Personal details and the date of the CV

- Surname (including previous surnames)
- First names
- Researcher ID, if applicable (e.g. ORCID, ResearcherID)
- Date of the CV

### 2. Degrees

- Date of degree certificate (the most recent one first), degree title, major
- subject/degree programme or equivalent, name of the educational institution, locality
- and country where the degree was completed; contact details of the organisation that
- granted the highest degree; official degrees are stated according to the Finnish and
- international system.

### 3. Other education and expertise

- Other education, professional competences/qualifications or supplementary training:
- date of completion, name, scope and provider of the education or training (name and
- locality)

### 4. Language skills

- Native language
- Other language skills: the level achieved and the date of certificate, or a justified self assessment of skills.

### 5. Current employment

- Start and end date of employment relationship, current job title, employer and place of work (if the work is part-time, this should be stated; a short job description should be provided if necessary)
- For a full-time student: educational institution (name and locality) and degree title, degree programme or equivalent
- Secondary occupations

### 6. Previous work experience

- Previous employment relationships and grant periods (the most recent one first), including long-term visits abroad: the start and end date of the employment/role, job position,

employer and place of work or funding organisation (if the work is part-time, this should be stated; a short job description should be provided if necessary)

- Previous secondary occupations and other positions and commitments that are relevant to the application (e.g. in companies)

#### 7. Research funding and grants

- Significant research funding: start and end dates of funding, type, source and amount of funding; role in the preparation of funding applications for a research group; name of principal investigator

#### 8. Research output

- Total number of publications; links to open-access publications;
- Methods, software, infrastructures, materials, guides and tools developed
- Patents and inventions
- Most significant artistic works and processes

#### 9. Awards and honours

#### 10. Other merits

- Other positions and commitments of relevance in terms of the purpose of the CV (such as work in companies or organisations)
- Other societal merits and honours if desirable
- Other expertise of relevance in terms of the purpose of the CV
