For example:

- If not indicating your previous studies in ECTS credits by subjects/fields of study, by courses and in total as requested
- or,
- If not indicating and/or calculating your GPA as requested according to the LUT way used in the selection process

will lead into not scoring any points for these elements.

IF YOUR EDUCATIONAL DOCUMENTS INCLUDING SEVERAL COURSES COMBINED INTO A LARGER PACKAGE OR MODULE and you wish the studies included in the module to be considered in the evaluation process, you must

- re-organise the module into those separate courses and indicate the ECTS credits for these courses as requested.

Combined modules with only a total number of ECTS credits will not be considered in the evaluation process.
